

Week of: 4/28/2024

Testing season is finishing up this week with Biology 1 End of Course testing on Tuesday, 5/14. All high school FAST and End of Course Tests are computer based adaptive tests. Scores are now available in the parent portal. [Here is a guide on how to access the portal](#) to see scores. Overall we had a 42% proficiency rate for ELA, the highest we have had in 4 years! And another 31% of our students meet the required scores in Algebra or Geometry so they are graduation ready in math.

We will have awards to recognize the academic achievements of our students on May 21 at 9:30 am. All parents of students being recognized were sent at Talking Points notification on Tuesday May 7<sup>th</sup>. An invite was also sent to students via their school email. Due to limited space in our auditorium, only students receiving awards and their parents are invited to attend.

Congratulations to our 19 Take Stock in Children Scholarship recipients for the Class of 2027. They were recognized at a ceremony on May 9<sup>th</sup>. Upon graduation and completion of mentoring program, these students will receive a 4 year Florida Prepaid Scholarship to cover tuition. We are excited for the opportunity for them to continue their education once they leave OHS!

Parents, please take a moment to complete our annual climate survey. We welcome your feedback as we work to make the freshman year of high school a wonderful start for your student. [Please click here to access the survey.](#) This will be the last week the survey will be open.

Yearbooks have arrived and are on sale for \$60 cash or checks made out to OHS. Please see Mrs. Morse in 210 if you want to purchase. The supply is dwindling and there will be no reorders so do not wait if interested.

[Click here to access the annual Summer Activity Guide.](#) The Okeechobee Junior leaders program has been very popular the last couple of years. Check it out on page 9.

Mrs. Kidd and I are having conversations and handing out information with permission slips for students needing summer school. We are also notifying parents via Talking Points so you know the forms are coming home. Please complete and return. Also, please contact us if you have questions at 863-462-5288 or [vicki.goggans@okee.k12.fl.us](mailto:vicki.goggans@okee.k12.fl.us)

This is the last Parent Newsletter for this year. It has been a pleasure to spend the year with the Class of 2027 and I cannot wait to see all they accomplish as they Move Forward and Be Great!
