

Parent Notifications

As required by Every Student Succeeds Act (ESSA), the following information is annually shared with parents. The distribution of this document shall serve as a formal notification to parents regarding the following issues:

Right to Request Information

Each parent of a student in a Title I school has the right to request information about the professional qualifications of the student's teacher(s) and any teacher assistants who serve the student. Parents also have the right to request information on policies regarding student's participation in assessments and procedures for opting out. This information will be provided by the administrative office at the child's school upon request. This notice will also be provided by the school to all parents.

Parent Notification Regarding Teachers without State Qualifications and Certification Requirements

The federal Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA) requires schools that receive Title I, Part A funds to notify parents or legal guardians when their child has been taught for four (4) consecutive weeks by a teacher who has not met "applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned." If this occurs, your child's school will send home a letter giving you information regarding your child's teacher.
