OHS Graduation Coach, Michelle Coleman, visited last week to meet with students through math classes to review these important aspects and talk with students about how to improve their GPA during the second semester. Ask your student to show you their grad reqs worksheet and explain what they learned. Progress reports are just around the corner – are students taking care of any zeros they have? After school tutorial is on Tuesday and Thursday with transportation provided for any students needing extra help. Permission slips are available in the main office or email Vicki.Goggans@okee.k12.fl.us and I will send you one via email.

Please remember students are required to wear a mask and work to ensure social distancing when possible. Following mask guidelines and social distancing will enable us to keep faculty, staff, and students here safely.

Our guidance counselor, Mr. Clark will wrap up his visits to students via their ELA classes on Monday, January 25th. He has been working with students on accessing PSAT scores and linking their College Board accounts with Khan Academy so they can access targeted practice based on their PSAT scores. College Board's Florida Partnership Team will offer a Parent/Student Webinar on Thursday 1/28/21 at 6pm designed to help parents and students develop a greater understanding of PSAT score reports. The January 28, 2021, session will focus on how PSAT scores and reports can provide insightful information about individual student performance on the assessment, including a predicted SAT score and student progress towards meeting the college readiness benchmark. Please see this flyer for additional info and the registration link: [Understanding PSAT Score Reports](#)

The Hispanic Scholarship Fund invites you to join the upcoming virtual College 101. This is a free, bilingual, webinar held on weekday evenings where you will receive valuable information on how to prepare, plan, and pay for a college education! This information will address the needs of ALL middle and high school students and their parents. People of all ethnicities and backgrounds are welcomed and encouraged to attend and you can choose to receive information in English or Spanish. You can register for upcoming sessions in February or March at <https://www.hsf.net/college-101>
